Treasurer

Compassionate Care Coalition

Sep 2026 – Present

The Compassionate Care Coalition is a ballot committee dedicated to suspending and repealing Chapter 188 of the Acts of 2026 in Massachusetts, Maura Healey's abortion-until-birth-for-any-reason bill. As Treasurer, I manage finances and OCPF reporting, but I've also served in the informal capacity as web developer, strategic advisor, and assistant manager for the campaign.

Strategic Analytics Specialist

Massachusetts Family Action

Jan 2026 – Present

I started with Massachusetts Family Action in January 2026 as a part-time contractor organizing data, doing basic political research, and performing assorted menial tasks. They quickly recognized my varied talents and I was hired full-time to build complex data and AI systems, give trainings, manage apps like Numinar for our organizers and volunteers, conduct deep political research, design graphics, and more.

"We wouldn't be able to keep things running smoothly without him."

— SAM MIELE, CHAIR

"My Swiss army knife."

— SAM MIELE, DIRECTOR

I was hired as a paid summer intern by Family Foundation of Virginia's 501(c)4 partner, Family Foundation Action, in May 2025 and served in the role doing a mix of canvassing and office work such as research, graphic design, and organization strategy for two months. In August, Family Foundation Action hired me back as a full-time paid canvasser, supporting pro-life, pro-family candidates for the Virginia House of Delegates in the Richmond area.

State Chair

Young Americans for Liberty

Aug 2024 – May 2025

As a State Chair for Young Americans for Liberty, I organized local events focused on small-government conservatism, led 'Student Rights Campaigns' (SRCs), mobilizing college students to create real change on their college campuses, and recruited students and other liberty-loving young Americans for regional and national events and canvassing trips.

"If our candidates had your work ethic, we would have won."

— JESSI BLAKELY, STATE DIRECTOR

"Dedicated, capable, and inspiring."

— TONY MESTA, DIRECTOR OF STUDENT RIGHTS

This was my first paid political job. We supported pro-life, pro-family, and pro-liberty candidates in South Carolina. Canvassers were expected to knock at least 200 doors per day and conduct at least 25 voter surveys.

Early Experience

Various

2016 – 2023

My earliest experience with politics was when I knocked doors on a volunteer basis for the Green Party presidential candidate Jill Stein in 2016, when I was 15 years old. In 2019, I canvassed with my dad for the presidential candidate Amy Klobuchar in the Democratic primary election, and in 2020, 2021, and 2023, I did tabling and flyering on college campuses in coordination with the pro-nuclear environmental organizations Generation Atomic and Environmental Progress to spread awareness about the benefits of nuclear energy and the harms of renewables.

"That was bad-ass."
